

Friday 14<sup>th</sup> October 2022

Dear Rachel,

Thank you so much for submitting your audit and impact statement. The panel quality assured the impact statements ensuring that the standards were clearly identifiable, and we are extremely pleased to announce that we are awarding you the Gold Quality Mark. On behalf of the Open University and the United Kingdom Literacy Association we thank you for submitting your work and we look forward to supporting you in the years ahead.

The panel greatly enjoyed reading about the impact of the RfP work you have developed and embedded across your school. It was clear that, due to your direction, determination and dedication RfP has a central place within your school and your children and staff are benefitting. We expect you are beginning to lever social change through this work.

We hope that you will celebrate the award with your school and community and know you will continue to ensure RfP is central to your work.

Yours sincerely,
