Impact of premium use (desired outcomes – RAG rating)

TEACHING AND ASSESSMENT	Greater number of pupils involved in all year groups. Register will show that all pupil groups (girls, EAL, disadvantaged, SEND) enjoy participation and choose to be active beyond the 2 hours of PE provision (curriculum). Assessment software will bring greater understanding of pupils' abilities.
Impact on pupils' participation:	
OUTCOMES FOR PUPILS	Teachers understand how well their pupils perform in PE. Feedback from Sports Plus and from the PE co-ordinator to teachers and pupils is clear and accurate, and gives targets for improvement. Many more pupils excel in PE and sports and this is celebrated widely.
Impact on pupils' attainment:	
BEHAVIOUR, SAFETY AND WELL-BEING	Target pupils work willingly with Learning Mentors, Nurture Team and home school liaison worker and develop awareness about improving diets (healthy lunch box/tuck) and being more active. Records are kept to monitor these pupils/families. Family learning will incorporate healthy lifestyles.
How the premium has allowed pupils to develop active lifestyles:	
LEADERSHIP	The PE Leader will monitor this action plan and ensure tasks are delegated as appropriately ensuring sustainability as reflected by the planned activities and desired outcomes in this report. PE Leader to continue to develop generic leadership skills as appropriate and relevant.
How the school will sustain the improvements:	

PE Leader will evaluate all projects during the year giving regular update report to the Headteacher and the Governors (Masters' Degree Study)
